Annual Meeting of the German Foundation for Aging Research (DGfA) 2014 in Cologne

Dear Colleagues,

On behalf of the German Association for Aging Research (DGfA, <http://www.alternsforschung.org/>) we would like to invite you to join our annual meeting in 2014. This year's meeting is co-organized by the DGfA and our local host Björn Schumacher. The meeting will take place in the CECAD Research Center, Joseph-Stelzmann-Str. 26, D-50931 Cologne (<http://cecad.uni-koeln.de>) from

Friday, Dec 5, 2014, 13:00 to Dec 6, 2014, 16:00

We are proud to announce this year's keynote speakers:

Linda Partridge, Max Planck Institute for the Biology of Ageing (MPI-AGE), Cologne

Manuel Serrano, Spanish National Cancer Research Center (CNIO), Madrid

The meeting will be open to all scientists interested in aging research and over the recent years has developed into one of the most important research meetings on basic research on aging.

The abstract submission and registration deadline is August 15, 2014.

For registration please email Ms. Kim Hoang (khoang@uni-koeln.de) and use attached abstract submission form. Talks and poster presentations will be selected from the submitted abstracts. As in the past years the best selected poster and talk will be awarded with the Fritz Boege Prize.

We are looking forward to seeing you in Cologne for the annual meeting of the DGfA. As in recent years, presentations will focus on unpublished work. The meeting offers a unique

platform for an open discussion and collaboration in aging research. Please post this announcement at your research institution and feel free to extend this invitation to any colleagues that may be interested in joining us this year!

Please make your own hotel and travel arrangements. Here are some hotel suggestions:
